

Digital Photography and Media Services for the Visual Arts

Special Edition • Summer 2010

What's New

Larger Fine Art Prints

With our new Epson 7900 professional wide format printer, we offer Fine Art Prints in sizes up to 24" x 36" on several papers and on canvas.

Online Portfolios

We offer affordable web site design, hosting and maintenance services to put your portfolio online where galleries and prospective buyers can see your artwork and learn more about you.

DSWPS Book Project

We can photograph your artwork and submit the images directly for the DSWPS book. Are your images already on file? Just complete the Submission Form to tell us which ones to submit.

In The Learning Center

Digital Imaging Lessons

Free lessons from the popular seminar, *Digital Imaging for Artists*, are online to help you understand the basic concepts and terminology, along with tips on photographing your artwork and preparing the images.

In The Store

Digital Imaging Booklet

Were you unable to attend one of our seminars? The booklet written to accompany the *Digital Imaging for Artists* seminar is available for purchase online or by mail for \$4.95 (plus \$1.95 shipping and handling).

Need Digital Images?

ShootMyArt.com™ is your source for digital photography and media services for the visual arts. We specialize in meeting the needs of visual artists, galleries, and exhibitions in a variety of mediums, including sculpture, jewelry, and fiber art. We will work with you one-on-one to present your artwork at its best.

We also offer consulting, coaching, and professional development for artists and galleries through our seminars and workshops, as well as providing online learning tools and resources.

Services For Artists

Digital Imaging

A wide range of digital imaging services are available to artists for the presentation of their artwork. These include high-resolution 35mm slides, photographic prints, and CDs for portfolios and show entries. We also can convert your 35mm slides, negatives or prints to digital.

Images of your artwork are kept on file in the original high-resolution format and are available for any purpose with just a phone call.

Fine Art Prints

Our Gallery Prints are an affordable alternative for buyers of your artwork through sales in galleries and art shows. And our premium Giclée Fine Art Prints can be sold in limited editions to collectors of your artwork.

Prints are available on several different papers and on canvas in sizes up to 24" x 36". We also offer Fine Art Notecards in four sizes with images of your artwork.

Your prints are made using only the highest quality, acid-free archival papers and pigment inks. For giclée prints, we also make any color corrections for accurate reproduction of your artwork and provide a proof for approval.

For Galleries and Arts Organizations

Consulting

We offer consulting services on using digital entries for jurying, digital imaging of exhibitions, and color management.

Education

Are you looking for a program for your gallery or arts organization? Our popular one-hour seminar, *Digital Imaging for Artists*, might be just the thing.

More Services

Online Portfolios

"Do you have a web site?" ... and wish you did? We can help you build an online presence with affordable web site design, hosting and maintenance services. We offer a choice of packages to get you started, along with a variety of options. Visit PortfoliosForArtists.comTM for more information.

Coaching

We can provide one-on-one coaching in our studio or at your home to help you set up to photograph your artwork, use your camera to take better photos, or learn about image editing and preparing entries for juried shows.

Custom Printer Profiles

If you make prints of your artwork or photos and are not satisfied with how the colors are reproduced, we can create a custom color profile specifically for the printer and paper combination you use.

Seminars & Workshops

Eric Law, a professional photographer, consultant, and founder of ShootMyArt.comTM, will be giving three workshops at the Birmingham Bloomfield Art Center later this Summer. In addition to being an award-winning fine art photographer, he is a frequent lecturer to artist groups on the subject of digital imaging. Eric's clients include many well-known and emerging artists from the Detroit area and across Michigan.

Get to Know Your Digital Camera

Do you wonder what all the buttons do on your digital camera? Does the instruction manual read like it was written in Klingon? This half-day workshop is for beginners who want to learn to use a digital camera for basic photography. Participants will learn about the functions and features of a typical digital camera and how to use it to take photos of family and friends, events, and vacations.

Tuesday, 8/31 | 9 AM – 12 PM | 1 SESSION
\$30 BBAC MEMBERS | \$70 GUESTS

Take Better Photos

Do you wish you could take better photographs with your digital camera? Do you wish your photos looked more like the fine art photography you see in galleries? In this half-day workshop, participants will learn how to take their skills to the next level using a digital camera to photograph people, landscapes, and other subjects with confidence.

Wednesday, 9/1 | 9 AM – 12 PM | 1 SESSION
\$30 BBAC MEMBERS | \$70 GUESTS

Edit Your Digital Images

Do some of the images from your digital camera need to be touched-up but you don't know how? Did your computer come with photo software you wish you could use? This half-day workshop is for both beginning and intermediate photographers who want to get more from their photos by using Adobe® Photoshop® Elements or other software to edit and polish the images.

Thursday, 9/2 | 9 AM – 12 PM | 1 SESSION
\$30 BBAC MEMBERS | \$70 GUESTS

Digital Photography as Fine Art

In this workshop, participants will explore how subject, composition and technique combine to communicate a narrative, emotion or abstract imagery through the photograph. *Coming in the Fall*

Shooting Your Artwork

This workshop teaches you how to photograph your artwork using a digital camera and to prepare the images for juried shows. *Coming in the Fall*
